서부발전, 캐나다 자원개발 본격추진

RCI Capital Group과 공동협력 MOU 체결 한국서부발전(사장 김문덕)은 캐나다 밴쿠버에 본사를 두고 있는 RCI Capital Group과 자원개발사

업 공동협력에 관한 양해각서(MOU)를 4일 체결했다.

RCI Capital Group은 아태지역을 주무대로 하고 있는 투자 및 투자자문사로 이번 양해각서를 통해

캐나다를 비롯한 북미지역에서 바이오매스, 유연탄 및 수송인프라 등 자원개발사업을 서부발전과

공동으로 개발할 계획이다.

산림자원과 천연자원이 풍부한 캐나다는 87억톤의 석탄 매장량을 보유하고 있으며 북미지역의 광

물자원을 한국, 일본 등 아시아 지역으로 수출할 수 있는 대형 항만도 겸비한 전략적 요충지다.

Korea Western Power (President Kim Mun Dyuk) and RCI Capital Group headquartered in Vancouver, Canada, agree to cooperate on resource development with a memorandum of understanding (MOU), which was signed.

RCI Capital Group is an investment bank in the Asia-Pacific region as the main stage, and investment advisors through a MOU biomass in North America, including Canada and coal resources development and transport infrastructure, and jointly developed a plan for the development of the West.

Canada is rich in natural resources, forest resources, and the 8.7 billion tons of coal reserves and mineral resources of North America, Korea and Japan, and can be exported to Asia, which had strategic importance. Western development of Australia's coal alternative source for high-calorie coal produced in western Canada has been purchasing about 50 million tons of bituminous coal per year are to be introduced as a long-term contract.

The international resource market is changing rapidly diversifying fuel sources in North America to take advantage of the abundant forest resources by generating new revenue sources, such as biomass fuel and ensure diversification through this MOU.
